17.15-17.30	<p><i>Security of technical security systems</i> Jarosław Gibas – Aritech</p>	
17.30-17.45	<p><i>Opportunities to use intelligent vision systems to strengthen the resilience of critical objects</i> Marcin Kowalczyk – Konica Minolta</p>	

17.45-18.00	<i>End of the first day of the congress – conclusions and interactive discussion</i> mjr rez. dr hab. inż. Jarosław Stelmach, prof. WSKZ – Safety Project
19.00–22.00	<b>Integration dinner – Bowling and billiards area – Level –1 of the Windsor Hotel</b> <b>Darts, bowling, billiards, table football, games and team-building activities</b> <b>Responding to emergencies with VR technology</b>

**Day II (27.11.2025)**  
**Polish-language day**

Time window	Type of project	Participants
8.00-9.00	Registration of participants	Main Desc
9.00-16.00	On-the-job training in responding to attacks – Safety Project On-the-job first aid training – Rescue Centre Workstation Emergency Backpack Training – Help Bag On-the-job training – Civil Protection and Civil Protection in VR Goggles – EHS VR	
<b>Opening speech of the second day – Power Speech (Hall of Lords)</b>		
9.00-9.30	How to make decisions under the pressure of Time window and strong emotions? Specific solutions of practitioners in the field of security and psychology Jarosław Stelmach, PhD, DSc, Eng., Professor of the University dr Alicja Żak – RESPONSA, UWSB Merito Opole	
09.30-10.30	<p style="text-align: center;"><b>Session VII</b></p> <p style="text-align: center;"><b><i>Security management in non-protected facilities (shopping malls, schools, universities, public administration, cinemas and theaters, office buildings and industrial plants)</i></b></p> <p style="text-align: center;"><b><i>Session Partner – Safety Project</i></b></p> <p style="text-align: center;"><b><i>Session moderator:</i></b> Marcin Kożuszek – Safety Project</p> <p style="text-align: center;"><b><i>Experts:</i></b> mjr rez. dr hab. inż. Jarosław Stelmach, prof. WSKZ – Safety Project dr Agnieszka Gajek – CIOP-PIB Jakub Sobek – Polish Chamber of Alarm Systems Jacek Majchrzak – Rossman</p> <p style="text-align: center;"><b><i>Session issues:</i></b></p> <ul style="list-style-type: none"> <li>● Risk and business continuity management</li> <li>● Warning, Alerting and Evacuation</li> <li>● Good practices in building resilience to threats</li> <li>● Deploying civil deface and protection in facilities and organizations</li> </ul>	

**Session VIII**  
***Organization security in the era of drones and missiles threats***

Substantive partner of the session – DroneTech World Meeting

**Session moderator:**

Adrian Drzycimski – DroneTech World Meeting

**Experts:**

Robert Fintak – President of the Polish Chamber of Unmanned Systems

Andrzej Użarowski – PGE GIEK S.A. Oddział Elektrownia Turów

Wojciech Górecki - RPASAR

mjr rez. dr hab. inż. Jarosław Stelmach, prof. WSKZ – Safety Project

**Session issues:**

- Legal bases for responding to drone and missile attacks
- Technical capabilities of the response
- Limitations and directions of response development
- Good practices ready to implement now

10.30-12.00

12.00-12.30

**Coffee break**

**Session IX**  
**12.30-17.40**

**Workshops on responding to attacks**

- additional competency certificates
- valuable prizes for participants
- practical modules with the actual implementation of selected tasks

Workshop sessions conducted simultaneously in four rooms. Participants divided according to profiles and represented institutions move between rooms, where they have the opportunity to take part in practical workshops on the following topics:

I Tour  
12.30-13.30

Round II  
13.40-14.40

**Lunch Time window**  
**14.40-15.30**

Round III  
15.30-16.30

IV Tour  
16.40-17.40

**Room No. 1 – Orangeria**  
**First aid in responding to attacks**

Łukasz Witkowicz, Ariel Rozmysłowski, Adrian Kolasa, Wojciech Krasieński  
Stopping massive hemorrhages with the use of a first aid kit, tactical stasis and Israeli dressing.  
Individual and group exercises under significant psychophysical load  
Rescue Center and Safety Project Module

**Room 2 – Lords' Hall Part 1**  
**Preparing the organization for bombing, missile and drone attacks**

Jarosław Stelmach, Maciej Maciejewski  
Practical exercises for given scenarios.  
Conclusions for the design of object-oriented procedures and instructions  
– brainstorming with the participation of trainees  
Safety Project Module

**Room No. 3 – Lords' Hall Part 2**  
**Practical dimension of technical security**

Hands-on tasks with selected innovations and technical solutions  
RCS Engineering  
DFE Security  
Intelxvision  
Aritech

**Room No. 4 – Hall of the Lords part II. 3**  
**Preparing organizations to respond to a mass murderer**

Przemysław Kornacki, Łukasz Żuberek  
Responding to attacks by a mass murderer with a knife and firearm – practical exercises in a team.  
Conclusions for the design of object-oriented procedures and instructions  
– brainstorming with the participation of trainees  
Safety Project Module

**Dance banquet**  
**Award and distinction ceremony**  
**Artistic performance – a surprise from DFE Security**

19.30–03.30

Day III (28.11.2025) – Hall of Lords

Polish language day

Time window	Type of project – venue, participants, issues	
8.00-9.00	Registration of participants	Main Desc
09.00-10.30	<p style="text-align: center;"><b>Session X</b>  <b>Training and exercises in administration, organizations and facilities – good practices and recommendations</b>            Substantive partner of the session – Wrocław University of Vocational Education</p> <p style="text-align: center;"><b>Session moderator:</b>            Mariusz Michalski, PhD – Wrocław University of Vocational Education</p> <p style="text-align: center;"><b>Experts:</b>            mjr rez. dr hab. inż. Jarosław Stelmach, prof. WSKZ – Safety Project            Jarosław Kaleta, PhD – Higher School of Vocational Education in Wrocław            Janusz Bryk, PhD – Wrocław University of Vocational Education            Rafał Guzowski, PhD – Wrocław University of Vocational Education</p> <p style="text-align: center;"><b>Session issues:</b></p> <ul style="list-style-type: none"> <li>• Organization of training and exercises in organizations and facilities</li> <li>• Subject matter and safety of training</li> <li>• Good practices for self-organization training and exercises</li> </ul>	
10.30-11.00	<b>Closing of the congress</b>	

Status of the agenda as of 25.11.2025

The organizers reserve the right to make changes to the event program.
